### LETTER OF RECOMMENDATION

It is with pleasure that I have the opportunity to recommend OptiBuy as Partner in Global Sourcing projects.

OptiBuy experts carried out Global Sourcing projects for us concerning cost and technology optimization for thin-walled pipes production.

They have achieved positive results for these projects in the scope of market analysis, identification, benchmarking, and evaluation of potential suppliers in Europe & Asia. One of the major outcomes of the project is the implementation of a new supplier which brings a high level of value to our supply chain.

Sincerely,
